Q1 What are the strengths and weaknesses of your teaching assistant (discussion section leader, lab section leader, grader, or other assistant) as an instructor, and how might his or her teaching be improved?

- very approachable and accessible
 - very effective in assignment correction and grading
 - always available and ready to help

 - Lily was very helpful, accessible, and knew the material well. She was a good liaison between the class and John, when necessary to communicate when we went too quickly with any material.

 - she's always there for you

 - Lily is a great TA; she had all assignments back in a timely manner, was open to explaining past homeworks and upcoming assignments in office hours, and was able to rephrase complex ideas that the professor explained in a confusing way. The slides she made for recitation section were really clear and helpful in pinpointing where in the textbook we could look for help.

 - Super helpful!

 - Lily is very helpful and tries to clear things up in section.

 - The teaching assistant was very patient and kind to answer any question about game theory.
